

MG3700A-011 Upper Frequency 6 GHz

- Upper frequency reaches 6 GHz by mounting RF unit for $3 \text{ GHz} < \text{frequency} \leq 6 \text{ GHz}$
 - » Frequency range

Standard	Option
250 k ~ 3 GHz	250 k ~ 6 GHz
- The frequency switch between RF unit for frequency $\leq 3 \text{ GHz}$ and RF unit for $3 \text{ GHz} < \text{frequency} \leq 6 \text{ GHz}$ is made using a mechanical switch.
 - » Switching useful life ≥ 5 million times
