

Model: RFNT1 RFNT2 RFNT3

Product: ① ② ③

Application: ④

Flexible connecting wires

The 13 connectors fit almost all laptop batteries

Black: Power-
Red: Power+
Coffee: Clock
Orange: Data

Adapter

Input: AC 100~240V 1.5A
50/60Hz
Output: DC 19V 4.74A

RFNT1

RFNT2

RFNT3

Measures: 210 X 99 X 35 mm

Input Voltage: DC 19V

Maximum output current for each channel: 2.5A

RFNT1: With charge and test functions

RFNT2: With charge and test functions & can be connected to computers

RFNT3: With charge and discharge functions & can be connected to computers

- Be able to charge, discharge and test laptop batteries
- Suitable for many kinds of laptop batteries, such as Dell, Gateway, HP, Acer, Asus, Toshiba, Fujitsu, Sony, NEC, Lenovo
- Ideal for wholesalers of laptop batteries and laptop repair shops
- Intelligent protection against over-current, over-voltage, over-charge, over-heat and short circuit
- Can be connected to computers to check more information about the batteries
